

Restorative Justice Case Work

The team at Enfold facilitates restorative processes in cases involving children in conflict with the law or children in need of care and protection. These processes include the following:

- Facilitation of a dialogue between the person(s) who caused harm and the person(s) harmed with consent from all parties involved.
- Facilitation of a dialogue between the child and family members to strengthen relationships, foster understanding, and enable effective reintegration into society.

The Juvenile Justice Board, Child Welfare Committee, Children's Court, or children and their families can contact Enfold's RJ team to facilitate restorative practices and processes.
